## FOREWORD / AVANT-PROPOS

---

Die Erstausgabe der vorliegenden Sonaten trägt folgenden Titel: „Six Canons or Sonatas for two German Flutes or two Violins compos'd by George Philip Telemann, Opera quinta, London o. J.“ Jeder einzelne Satz ist als zweistimmiger Kanon im Einklang geschrieben. Die Ausführung ist folgende: Der zweite Spieler beginnt, wenn der erste beim Zeichen  $\text{\texttt{S\$}}$  angelangt ist, und endet auf der Fermate. Für den ersten Spieler hingegen kommt die Fermate in Wegfall.

Unsere Einrichtung für zwei Violinen machte eine Ergänzung der nur sehr spärlichen Vortrags- und Artikulationszeichen notwendig. Der Spieler möge jedoch diese Zusätze, die auch die Ausführung der Verzierungen berücksichtigen, lediglich als Vorschläge für einen stilgemäßen Vortrag werten. Sämtliche über den einzelnen Sätzen stehenden Tempo- und Charakterbezeichnungen sind original.

The first edition of these Sonatas bears the following title: "Six Canons or Sonatas for two German Flutes or two Violins compos'd by George Philip Telemann, Opera quinta, London o. J." Each single movement is written as a canon in the unison. It is to be performed thus: the second player begins when the first reaches the sign  $\text{\texttt{S\$}}$ , and ends on the fermato. The first player ignores the fermato.

Our arrangement for 2 violins made it necessary to supplement the very sparse marks of articulation and expression. But these additions, which also deal with the execution of the ornaments, are intended solely as suggestions for a performance in the genuine style. All the directions of tempo and characterization at the head of the movements are in the original.

La première édition des Sonates que nous publions ici porte le titre suivant: «Six Canons or Sonatas for two German Flutes or two Violins compos'd by George Philip Telemann, Opera quinta, London o. J.» Chaque partie séparée est écrite en forme de Canon à deux voix à l'unisson. L'exécution en est la suivante: Le second exécutant commence, lorsque le premier est arrivé au signe  $\text{\texttt{S\$}}$  et termine au point d'orgue. Par contre le premier exécutant ne doit pas tenir compte du point d'orgue.

Notre arrangement pour deux violons nécessita un complément des signes d'exécution et d'articulation par trop rares. Il est loisible à l'exécutant de considérer ces suggestions, qui visent également à préciser l'exécution des ornements, comme des indications propres à favoriser la correction du style. Toutes les indications ayant trait au mouvement et au caractère des œuvres sont originales.
